

## LOTHIANS GOLF ASSOCIATION

Have you got a tow bar on your car?

Are you experienced at pulling a caravan?  
Would you like to help the Lothians Golf Association  
move their caravan between event venues this year?

- Approximately 6 moves required between April and September.
- We have one driver at present and require an additional person as cover for holidays and to share the driving.
- Caravan to be moved at driver's convenience, sometime during the week before the event.
- A small fee of £25 is paid per move to cover expenses.
- Drivers will receive Green Flag, national recovery with home-call and onward travel.
- There is the possibility of complimentary round of golf at the competition venue. This will be at the discretion of the golf club.
